

john's island club

Johns Island Club is seeking **Seasonal and Associate Professionals** for the 2021-22 season.

We are looking for Professionals to work in all areas of our operation. We are seeking professionals who are engaging, ambitious, willing to learn, and work together in a cohesive team environment based on a culture of service and recognition. Two qualities of particular importance are willingness to engage and desire to serve.

The fast-paced environment of John's Island Club requires staff members to be flexible and adaptable. Professionals will finish the season having made lifelong friends, grown their professional network, achieved significant personal growth, enhanced their communication skills, and will be much closer to their career goals.

We foster a strong learning environment to help staff members identify, clarify, and reach their goals while producing wonderful member experiences each and every day. Within the last year, we have had three staff members move into Head Professional Roles, and three more staff members qualify and play in the recently completed PGA Championship.

Assistant/Associate staff members will also have access to the newly formed JI Assistants Fund which will provide full or partial reimbursement for qualified expenses to include tournament entry fees, education expenses, or other professional development fees.

John's Island Club's membership features Ladies and Gentlemen from all over the United States as well as Canada and Europe. We have 1400 memberships as well as access for vertical family members that creates a wonderful environment to build a world class network.

Benefits of working at John's Island Club:

- An extensive national network of PGA Professionals
- Education and Career Enhancement Program
- Access to JI Assistants fund for Full or Partial reimbursement of qualified expenses
- Access to JI Assistants fund for Full or Partial reimbursement of qualified expenses
