

ENGINEERS COUNTRY CLUB

Engineers Country Club is looking for an Entry Level Golf Professional

Built in 1917 by Herb Strong, Engineers has hosted a PGA Championship in 1919 and US Amateur in 1921. The 18 hole golf experience is a par 71 at 6,850 yards. Annually the club host 20,000 rounds of golf per year featuring a full range and practice green. The club house has many amenities such as pool, outdoor dining, gym, and tennis courts.

Position Overview:

Engineers Country Club is seeking an entry level assistant for the 2023 Golf season. This person must be motivated to learn all facets of the golf industry. The candidate must have exceptional customer service. They will be expected to learn and grow as a golf professional within the Met Section, including educational events and playing in golf events. This individual will be aided by our strong professional staff and would be a great introduction in a high-volume environment.

Essential Responsibilities:

- Dates are flexible (April 1-December 1)
- Shop opening and closing will vary
- Presentation of shop and displays, answering phones, booking tee times, cleanliness etc.
- Inventory control
- Aid golf outings throughout the season
- Tournament responsibilities and opportunity to learn Software (Golf Genius)
- Basic club repair
- Assist with clinics and fittings

Compensation

- Competitive hourly wage
- Overtime given certain busy weeks
- Play and practice privileges
- Meal while on duty

To Apply:

Please Submit a cover letter and resume to Director of Golf, Christopher Carter PGA
