

# Innis Arden Golf Club

## Assistant Golf Professional

### ABOUT INNIS ARDEN GOLF CLUB

On land that he had begun accumulating in 1887, J. Kennedy Tod developed Innis Arden, his 147-acre estate on what we know today as Greenwich Point. Tod built a thirty-seven room mansion and a number of outbuildings and then he built a nine hole golf course. His neighbors in Sound Beach, as Old Greenwich was called then, were invited to join his golf club, and so on November 11, 1899 Innis Arden Golf Club was organized by sixty-four charter members. Next to the first tee, Mr. Tod's Innis Arden gates now stand guard; a proud reminder of the Club's storied past.

Innis Arden is a private club and boasts a renovated eighteen hole golf course with a golf teaching studio. In 2022, a new short game area was added as well as a new 18 hole putting green and practice range. In 2021, four new paddle courts and a new paddle hut were constructed. We also have seven Har-tru tennis courts, four of which are covered for winter play. The Club also features a Poolhouse with a two lane bowling alley, a fitness center, locker rooms, a lounge area with a TV and fireplace, an outdoor viewing deck. Our Bluefish Café provides food and beverages during the summer months. In 2021, we began construction of a new 47,392 sq.ft. modern clubhouse which was completed June of 2023.
