Assistants Board

49 Knollwood Road, Suite 200

Elmsford, NY, 10523

Dear Members of the Assistants Board,

I am writing to express my sincere interest in joining the Assistants Board. As a dedicated professional with 13 years of experience in the industry, I am eager to contribute my skills and expertise to further the mission and objectives of the board.

Throughout my career, I have demonstrated a strong commitment to the game of golf and to fostering growth within the industry. As the 1st Assistant of Mount Kisco Country Club I have been successful in peaking many beginners interest in the game young and old alike. Through being a PGA Junior League Coach, to hosting MET PGA Junior tour events, and even being the lead instructor for organizations trying to bring more ladies and young professionals into the golf sphere. With these experiences I have been able to grow with many of my students and become not only a better leader or golf instructor, but a better person.

I'm interested in attempting to get onto the Assistants Board because I want to challenge myself. I feel that this would be a great step in attempting to help people in the same positions I am in. It is also an opportunity in getting to know the many faces I see but may not know. I am drawn to the boards dedication to advancing the profession and supporting the development of aspiring professionals. I am inspired by the opportunity to collaborate with fellow professionals to enhance the golfing community with the MET PGA Section and beyond.

Thank you for reviewing my application. I am extremely enthusiastic about the prospect of contributing to the board's initiatives.

Sincerely,

Ian Wilson
